

Seed Library

Growing Instructions

Oregano – Greek

Planting:

- Sow seeds **Feb–Apr** or **Sept–Oct**.
- Lightly press seeds on soil surface; do not bury.

Sun:

- Full sun; **afternoon shade** helps in extreme heat.

Water:

- Water moderately; allow top soil to dry between waterings.

Soil:

- Well-drained soil; avoid heavy or soggy conditions.

Care:

- Space plants **12–18" apart**.
- Trim regularly to keep plants compact.

Harvest:

- Begin when stems reach **4–6"**.
- Cut sprigs in the morning for best flavor.
