

Seed Library

Growing Instructions

Kale – Dazzling Blue

CULTURE:

Kale prefers a fertile, well-drained soil high in organic matter with a pH range of 6.0–7.5. Consistent moisture will produce the highest-quality leaves.

DIRECT SEEDING:

For bunching: Sow 3–4 seeds every 12–18”, ½” deep, in rows 18–36” apart. Thin to 1 plant per group.

HARVEST AND STORAGE:

Beginning about 2 months after planting, harvest by clipping individual leaves.
